# The internet can be intimidating for those not used to it

Our free drop in sessions will help you navigate the web

Chorley Council in partnership with Citizens Advice has launched a new initiative to help hundreds of local people gain access to benefits and other services via the internet. We can help with...

## Internet access

Blue Badge applications

Universal Credit applications

Job searches

Housing applications

Benefit applications

## Council Tax

Employment

Save money on your energy bills

Keep in touch with friends and family

Training in digital skills

and much more...

Our Digital Champions will be there to help and guide anyone through any of these online facilities. Whether it's Universal Credit, disability Blue Badge applications, or any one of dozens of other everyday essentials, we are there to help.
