**Free**  
**six week**  
**course**

booking  
essential

If you are new to using a tablet device, thinking of buying a tablet or you may want to expand your knowledge and use more of your tablet or smartphone features.

Come along and learn more about what your devices can do – how to choose, install and use a wide variety of Apps (such as TV catch up, bus/train timetables, Maps, games, music, news and social media) use iCloud for pictures and review security features and settings. There will also be a focus on public services such as MyAccount, planning and reporting local issues
