Opposition to the Proposed Third Prison in Ulnes Walton Has Been Considered

Following a day of hearings yesterday, The Ministry of Justice have extended the consultation period, after deciding that the prison cannot go ahead in its current form.

With my survey results showing an overwhelming opposition to the prison in its current form, I wrote to the Planning Inspectorate and the Secretary of State for Levelling Up, Housing and Communities (DLUHC) to make your concerns heard.

I'm really pleased that Ministers have listened to the views of local residents and have taken the evidence and concerns into consideration. The decision will now be made by DLUHC with reference to surrounding infrastructure.

Huge thanks to everyone who took part in my survey last month, your efforts really have paid off. Keep your eyes peeled, I'll be posting further information shortly.
