MOJ - Garth-Wymott 2 Appeal - Site Search Outputs May 2022.pdf
376 KB

Good afternoon

Thank you for providing this information which we have now had the opportunity to examine.

It is somewhat surprising that the document does not provide the evaluations against the mandatory, primary and secondary criteria as stated in the original planning application. These evaluations are important to enable a true comparison to be made of the sites considered and their reasons for rejection.

It would be appreciated if you could provide this information as soon as possible.

Regards.

Lynette Morrissey
on behalf of Ulnes Walton Action Group
