Accidents in and around Ulnes Walton whilst cycling	Yes	No	Comments
	9.2%	90.8%	No accident but I have to cycle with my mum as she won't let me cycle along as it is UNSAFE!! So I have to cycle the prison paths with friends.
			Car from behind pushing to get past whilst car coming towards me forcing me into the kerb.
			I hit a pothole and fell off bike
			Approximately 12 months ago cycling along Holker Lane a vehicle was coming towards me at speed and I was forced off the road onto the grass verge. The driver did not stop.
			Being close passed and having to mount the grass verge. Happened many times.
			Had a few all involving prison officers and their inability to read road signs and complete disregard for other road users at changeover time. I'm a resident of Ulnes Walton Lane who is constantly subjected to their short tempers and appalling driving standards. I'm dreading an increasing of the staff at this abomination of an idea. Slow the prison officers down in our residential bit before this insult is built.
			A few close encounters from people not looking coming out of the road to the prison.
			Idiots cutting you up especially down Ulnes Walton Lane. Speeding drivers/congested roads.
			A few near misses and close passes by drivers, usually at speeds exceeding the limit.
