External Mail

Dear Leanne,

Further to your email on Friday last, requesting comment on the two matters contained in PCU's email of the 15<sup>th</sup> November; insofar as they may relate to any material change in circumstances, fact or policy for this appeal.

UWAG, and its legal counsel, do not see that either document goes to highway safety concerns, which is our case, and our understanding, that the reconvened inquiry is focused upon, and as such we do not wish to comment at this stage.

However, if the other parties wish to rely on either as supporting their case, we would reserve the right to comment in response, subject to what they say about either.

Kind regards,

Emma, Lynette & Paul

For and on behalf of UWAG
