Subject: Acting Returning Officer for South Ribble Parliamentary Constituency for the 2019 Polling Place Review

As the proposals do not change any of the existing polling places within the two wards currently within the South Ribble Parliamentary Constituency and from previous Parliamentary Elections the council has not been made aware of any issues at these polling places from either the residents, our Presiding Officers which have worked at those venues or our Polling Stations Inspectors that visited those venues, the Acting Returning Officer raises no objections to the proposals.

Many Thanks
James

Electoral Services Officer

South Ribble Borough Council
